W. O. Clough, Nashua, Charles Eger, Manchester, E. G. Leach, Franklin, and Henry Morrison of Concord has been here recently.

The funeral of the late Oscar Perkins, a soldier in the Fourth Massachusetts Cavalry, took place at the Town Hall on Wednesday, October 20th, at 10 o'clock, A. M., having charge of the services and George S. Cram Post of the Grand Army of the Republic attending in a body and performing accord duty to the Masonic Brotherhood. The services at the hall were conducted by the Rev. Chaplain Baird of the Lodge and were exceedingly beautiful and touching. At the grave the full rite of the Order was observed, a male quartette sang an appropriate selection, and Chaplain Baird offered a prayer and pronounced benediction. Capt. J. W. Lang, Jr. performed the duties of marshal of the Order and Mr. Hanson Beede acted as conductor. There was a beautiful display of flowers and the village people to the number of hundreds testified their esteem for the old veteran by standing about the grave to the end of the service, notwithstanding the air was stinging cold.—Nashua Telegraph.

### WEIRS.

There is something peculiarly interesting in the mountain and lake scenery when viewed from the Weirs, for an artistic point of view the lake is nestled low among the hills like a crystal gem, reflecting its wooded shores, the soft blue clouds and snowy sails that lie becalmed upon its azure surface. The lake is fringed by verdant islands that fade into misty beauty in the distance, blending themselves with the blue of the sky. The lake is a terrace like, tier above tier, gradually changing from water to the faintest tints of the June sky. Specimens of artistic beauty are everywhere presenting themselves, from the rocky shore to the rocks in the foreground to the amphitheatre of mountains and hills in the distance. From some dark wooded boulder we see the sun set in the sky, and the reflection of the sun in the water is a splendid and all our romantic love of nature is called forth. Cold breezes wait the perfume of wild roses which are everywhere peeping out from their thorny shrubs; pale, delicate ferns and the sweet scented air, and the wild cry of a raven with a relentless grip to the ancient oak, breathing itself in festoons of verdant beauty. The intermingling of light and shade and the brilliancy of the western sky, all awaken in the lover of nature a sense of the sublimity of the Creator's works.

### STOP AND THINK

How much money you have thrown away buying worthless medicines, prepared by unprincipled parties, who care not what harm they may do to your system. You can depend on every bottle of Sulphur Bitters as being a reliable medicine; it searches out and cleanses from the blood all impure matter, and makes you feel like a new person.—Boston Daily Globe.

## CAMPTON.

There has recently been organized a Temperance Reform club with a membership of thirty-five and known as the West Campton Band of Hope. The following officers:—superintendent, Frank Smith; assistant superintendent, H. O. Berry; secretary, J. Frank Smith; treasurer, Miss Bertha Berry; librarian, Macmillan Sanborn. The next meeting will be held at the church, at 10 a. m., Sunday, Oct. 23. A cordial invitation is extended to all.

Daniel G. Southmayd, the oldest son of the late Joshua Southmayd, has been appointed administrator of his father's estate.

An article in a neighboring paper by "One interested," is just about the thing, in regard to the interest manifested in our "beautiful cemetery." Much credit is due to Mrs. Hazen D. Smith, of Plymouth, a former resident of this town, for the great efforts which she made in bringing about the much needed improvements. May the exertions thus made, be seconded by still more active and effective means to bring up the general appearance of this sacred spot, where are destined to repose, so many of the remains of our friends in this and the neighboring towns. Such places should not be permitted to "run down" for want of proper attention.—new!

Why should not the money on hand be judiciously expended in keeping the cemetery in good order? May our officials see to this.

J. C. Blair and wife of Blair's house have gone to Boston the current week.

Tuesday was a rainy day and the ground had been pretty well soaked, preparatory to the cold weather that is near at hand.

Daniel Williams, the mountain cook, returned from the Flume House on Tuesday, the 20th.

The wife of Capt. Samuel H. Dorr, of East Campton, met with quite a serious accident to her horse and carriage a few days since. As she was passing in the road near the Flume House, the horse, Plymouth, her horse took fright at the bullet board, or the papers thereon, and ran furiously against a stone post in front of Little's hotel, breaking the stone post and demolishing the railing work of the carriage. Mrs. D. escaped unhurt.

There has been more building in our village the past season than for seven years before. F. C. Smith's new house is nearly ready for him and G. D. Mitchell's new cottage is well under way. B. Dr. A. Macmillan and George Buell, of Franklin Falls, are in town playing the dicken with the partridge, grey squirrels and other kinds of game.

A. B. Cook has returned home from Chicago.

E. Dale & J. R. Fox have been running the line this week between this town and Holderness.

The apple crop was very much injured by the Arctic wave which struck this vicinity Oct. 14th and 15th.

One of the West Campton correspondents made a mistake in stating Mrs. Dustin Miller was sick with inflammatory rheumatism. It should have read indigestion. Mr. Dustin Moulton, who is very sick as yet with that terrible disease. He is a little more comfortable at present, but is still a great sufferer. Dr. Smith attends him.

Miss Georgie Elliott is at work at Dustin Moulton's, and very efficient help she gives.

Quite a number of our people have taken advantage of the reduced fare and visited Boston lately.

An effort will soon be made to get a new bell for the Baptist church, as the old one is cracked and sounds a little bad.

E. Dale & Co. have had an immense sale of their woolen goods thus far this season. The quality of the goods is what sells them.

We understand that Young is going to work in his photograph rooms for a week or two, to give those in want of pictures a chance to get them.

Wilson Moulton has commenced making cider at the Corner. Dustin having let him his mill for the season.

Mrs. Merrill C. Southmayd with her two children are stopping at present at B. B. Southmayd's.

Mr. and Mrs. Charles Barker have lately returned from a six weeks' visit to Maine, where they report enjoying themselves finely.

Byron Moulton has been visiting friends in West Campton this last week. He is employed in a Laconia foundry, where he is doing well, and looking first-rate.

Charles Sanborn has moved his family into the house lately occupied by his son Carroll.

Carroll C. Sanborn has gone to Philadelphia, where he is employed in an organ. His wife is stopping at Nathan Pierce's.

A number of cows have been very sick from the effects of eating too many apples found in T. J. Sanborn's pasture, where they were being pastured for the summer.

Mr. John Watson, Sr., has been sick for a number of days.

It is suggested that it would be a good idea for the selectmen to remove the wood that has been piled up each side of one of the main avenues in the new cemetery since last spring.

"A Girl's Choice." It was in a drug store of course. All interesting incidents occur in drug stores, that is, nearly all. She was pretty, with blue eyes and golden hair, one of those kind of beauties the poet would have called an "angel," but for a colony of pimples on her fair forehead precluded all thought of a celestial being. Bowing timidly to the handsome clerk, she asked for "Swayne's Ointment for Skin Diseases," and upon receiving it vanished like the morning dew before the summer sun. —Leasap-1201m
